

## As a Year 2 Geographer I will know...

- the names and locations of the world's continents and oceans, and some information about each of them;
- where the world's main hot and cold regions are, and some information about what they are like;
- the location and features of a contrasting locality in Zambia, comparing and contrasting it with their local area and situating it within the African continent;
- how their location within hot and cold regions might affect everyday life differently in the UK and Zambia.

## As a Year 2 Geographer I can...

- use globes and atlases – and annotate maps – to identify continents and oceans, including the location of the UK, Europe, Zambia and Africa;
- use globes and atlases – and annotate maps – to identify the world's hot and cold regions, locating the UK and Zambia within them;
- look at simple maps and aerial views of a contrasting locality in Zambia, discussing and asking questions about its main features and comparing these with the UK;
- use appropriate vocabulary for continents and oceans, for hot and cold regions and when describing and comparing a contrasting locality in Zambia with their local area;
- make use of the four main compass points when describing the location of these key locations and regions.

In addition, children should have had the opportunity to develop their locational and place knowledge, geographical vocabulary and skills of enquiry and fieldwork (including the use of data and mapwork), and to make regular use of globes and atlases, through incidental opportunities within other subjects, via 'geography in the news' and/or through dedicated fieldwork days.
