

Reception Reading Spine

At Victoria Road Primary School, we prioritise early reading because we understand that 'Reading is the gateway to Learning' and is crucial to children's future academic success. Reading is a two-dimensional skill of language comprehension and word reading and we ensure that both elements are carefully planned, giving our children the best possible start in their early reading journey. We understand that both the role of the adult and the quality of the learning environment is crucial to language comprehension and opportunities to share and talk through a story and a rhyme are plentiful.

As part of our Early Reading Curriculum offer we have planned a quality rich reading spine that enables children to develop the skills to be a passionate reader and acquire a wide vocabulary. Our curriculum ensures children are exposed to high-quality literature through the use of our daily 'Talking through Stories' sessions, weekly Rhyme Time and Favourite Five texts.

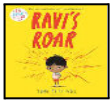

It is our aim that through our early reading curriculum our children will develop a lifelong love of reading and build up a repertoire of familiar stories and rhymes. In addition, through exposing our children to high quality literature we can offer our children a wide range of experience through story and promote diversity and exposure to the wider community.
